

# About

This is a Wiki based on DokuWiki... Just an easy to use Wiki for all kind of purposes.

It is a Wiki for me (hanez) and just a few selected people for publishing our thoughts and experience. We do this for free. It is a way of sharing information to to the digital world. We don't expect anything and will hopefully keep this up as long as wen can.

If you want to be part of it, just write an email to [hanez.org](mailto:hanez.org) and you will get an account!. Would love to see more UNIX experience here. It is about Linux, \*BSD, and UNIX... Oooh, and Windows users are welcome too.

You are very welcome to contribute... ;)
